About US

Introduction:

Established in October 2001, The Skycore Group is a collective of entities and brands.

In 2013 Skycore opened its first office in Ho Chi Min City, Vietnam. In Vietnam Skycore focuses its activities on management of agents and distributors for distribution of spill response equipment and selected chemicals and safety equipment.

Skycore will also use Vietnam for container consolidation for its own products and locally made items.

Mission:

The Skycore Group, incorporating Skycore – Vietnam aims to provide premium quality customer service and to supply only premium quality products that meet international standards. Through the provision of quality Skycore maintains a strong presence for our product lines throughout the world.

Skycore implements worlds best practice in all areas of operation

SPILL KITS

The Skycore Group

Oil only 120 & 240 litre
Wheelie site spill kits to suit oil, fuels, diesel and oil based products

120L Code: ASK0020E
240L Code: ASK0050E

General purpose 120 & 240 litre
Wheelie site spill kits to suit Oil and non hazardous water based liquids

120L Code: ASK0030E
240L Code: ASK0060E

Hazchem 120 & 240 litre
Wheelie site spill kits to suit Dangerous goods and hazardous chemicals

120L Code: ASK0010E
240L Code: ASK0040E

Oil / fuel only transport
Vehicle and small use spill kits for oil and fuel only liquids

20L Code: SOS0015E
40L Code: SOS0040E

General purpose transport
Vehicle and small use spill kit for oil and non hazardous water based

20L Code: SOS0020E
40L Code: SOS0041E

Hazchem transport
Vehicle and small use spill kits for dangerous goods and hazardous chemicals

20L Code: SOS0025E
40L Code: SOS0042E

Bio waste spill kit
Single use bio waste spill kit

Code: 0437

Mercury Spill kit
Single use mercury spill kit

Code: MERC1

ABSORBENT PADS

www.skycore.com.au

Universal (General purpose pads)

Heavy weight bonded General purpose pads for use on oil and non aggressive water based spills and mild chemicals

Absorbency 1.1—1.2 litres per pad (100 pads per carton)

Code: USG-75SK

Oil / Fuel only absorbent pads

Heavy weight bonded pads. Use on oil, petroleum, diesel and grease. Repels water and floats. Use on land or water.

Absorbency 1.1—1.2 litres per pad (100 pads per carton)

Code: OWS-75SK

HAZCHEM absorbent pads

Heavy or light weight absorbent pads for use on oil based spills and aggressive chemicals including acids, solvents, Alkalis. Absorbency light weight pads .6 litre and heavy weight 1.1—1.2 litres

Code: HSY-70SK (light weight 200 per carton)

Code: HSY-75SK (heavy weight 100 per carton)

Recycled pads (Sustayn)

Environmentally friendly oil only and general purpose pads. Available in General purpose and Oil / fuel only

Absorbency 1.1—1.2 litres (100 per carton)

Code (GP): USR-75

Code (oil only) OSR-75

ABSORBENT ROLLS

The Skycore Group

	<p>General purpose—Universal rolls Heavy weight perforated bonded General purpose pads on roll for use on oil and non aggressive water based spills and mild chemicals.</p> <p>Code: USG-90SK</p>
	<p>Oil / fuel only absorbent rolls Heavy weight perforated bonded pads on roll. Use on oil, petroleum, diesel and grease. Repels water and floats. Use on land or water.</p> <p>Code: OSW-90SK</p>
	<p>HAZCHEM absorbent rolls Heavy weight absorbent pads for use on oil based spills and aggressive chemicals including acids, solvents, Alkalis.</p> <p>Code: HSY-90SK</p>
	<p>Absorbent 1/2 rolls HAZCHEM and General purpose 1/2 width rolls</p> <p>Pack qty: 2</p> <p>Code: Hazchem HSY-91 SK</p> <p>Code General purpose USG-91 SK</p>
	<p>General purpose wipes Easy to carry dispenser pack and ultra absorbent. Suit a variety of applications</p> <p>Blue: glass cleaning, oil and grease clean up, heavy duty.</p> <p>White: water, grease and oil. Medium to heavy duty</p> <p>Code: 50350 (Blue)</p> <p>Code: 51750 (White)</p>

PILLOWS & SPECIALIST ABSORBENTS

www.skycore.com.au

Pillows

240 x 240 pillows. Absorbency approx. 4—4.5 litres

20 Pillows per carton

Code: S2—61 Hazchem

Code: M61 Oil / fuel only

Code: G61 General purpose

Pillow in Pan

240 x 240mm pillows contained in a plastic tub to prevent leaks and drips

20 per carton

Code: M111 Oil / fuel only

Code: G111 General purpose

Pump Jack absorbent

Absorbent pillows with Velcro tabs to wrap around leaking pipes

10 per pack

Code: 7500542

Railway Track Matting

Bottom Layer

200 micron UV stabilised virgin Polyethylene.

Middle Layer

400gsm Needle punched polypropylene and hydrophobic.

Absorbs 15 times its weight in oil using SAE20W50.

Top Layer

Polypropylene -200micron Virgin permeable Poland UV stabilised for three years.

Code: SCO1405

SPECIALIST ABSORBENTS

www.skycore.com.au

Drum tops

Catch drips and leaks on top of 205 litre drums

56cm diameter. 25 pads per pack

Code: USG-76

Absorbent rig rugs

Extra large heavy duty rugs for use on rigs and platforms

1626 x 48 metres perforated every 576mm

Code: M150

Oil snares and pom poms

Perfect for shore line clean up operations and in rock pools / river banks. Sold individually or in succession on a rope

Code: OS-VOB / Bag

Poly backed traffic rug

Poly back rugs, suitable for use over carpet and where floor surfaces need to be kept clean. The rug can be rolled up and reused. Suitable for lift and elevator mechanics, painters etc.

914mm x 30 metres

Code: TR—91

BOOMS

www.skycore.com.au

General purpose Mini Booms

Use on oil and non aggressive water based chemical spills

Code: USG-34 75mm x 1.5 mtre (40 per carton)

Code: USG-37 75mm x 3.0mtre (6 per carton)

Code: G1295 100mm x 1.5mtre (12 per carton)

Oil / Fuel only Mini Booms

Use on oil, petroleum, fuel and diesel only

Code: OSW-34 75mm x 1.5 mtre (40 per carton)

Code: OSW-37 75mm x 3.0mtre (6 per carton)

Code: M1229 100mm x 1.5mtre (12 per carton)

HAZCHEM Mini Booms

Use on oil and aggressive water based chemical spills including acids, Alkalis and solvent

Code: HSY-34 75mm x 1.5 mtre (40 per carton)

Code: HSY-37 75mm x 3.0mtre (6 per carton)

Floating marine booms

200mm x 3.0 mtre international standard floating marine booms. For use on rivers, ocean, estuaries, lakes, ponds, tanks. Absorbency 45 litres

Each boom is double skinned and complete with snatch hooks and rope for easy joining

Code: ASCO 1725 (4 booms per pack)

SPECIALIST BOOMS & MARINE

The Skycore Group

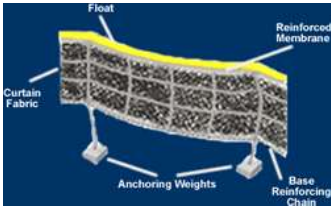

Organic Boom
 Bio degradable boom with organic coir peat fill. For use on oil and water based spills
 6 booms per pack
 Code: ALG 75 - 15 (75mm x 1.5mtre)
 Code: ALG 75 - 30 (75mm x 3.0mtre)

Mini Fence Boom—Light duty
 For temporary deployment in sheltered water and tanks
 Non absorbent
 Various sizes and configurations available

Fence Boom—heavy duty
 For permanent / temporary deployment in harbors and open water
 Non absorbent
 Various sizes and configurations available

Silt Curtain boom
 Floating Silt curtain booms supplied complete with polystyrene float and chain
 Various drafts lengths available from 1—2.5 meters.
 Suitable for sheltered or still water application and used to trap and contain silt, sediment and debris in water.

SPECIAL CONTAINMENT

www.skycore.com.au

Silt booms

Used for containment of silt, sediment and soil. Used in and around construction sites to prevent contaminated solids entering drains. Fill with blue metal on site.

Length 1 metre to 50 metre

Code: SB200

Oil Sweep (Boom)

16" x 100' with ties either end

Code: M-80

Sand bags

Contain water and hydrocarbons. Reusable—non absorbent

1, 2 and 3 metre lengths

LAB & MEDICAL

www.skycore.com.au

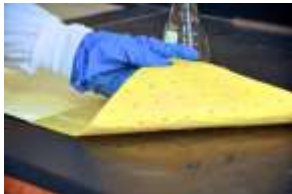

Absorbent bed pads

Cellulose based pads and fatigue liners

Variety sizes available

Code: 15040 100mm x 46 metres

Hazmat lab pads

Designed to absorb dangerous chemicals in laboratories, hospitals and storage areas.

Code S2-70 41 x 46cm (200 per carton)

Hands in a Bag

Portable atmospheric chamber when working with potentially dangerous materials it can be inflated, sealed and purged.

Variety of sizes available

Code: 690325 30x 76 x 68cm

Chemical classifier strips

Use to identify chemicals

10 strips per pack

Code: 570010

Absorbent operating theatre pads

Non slip, plastic backed operating theatre pads for use under operating tables. Reduce the need to clean floor surfaces post operation. Non lint. 810 x 1110 cm

Absorbency per pack 121 litres

Pack qty 30

Code: G-3244H

FLOOR SWEEP ABSORBENTS

www.skycore.com.au

Spillzorbe floor sweep absorbent

Universal heavy duty mineral based floor sweep absorbent for use on hydrocarbons, paints, caustic, solvent, some acids, dangerous goods. Outdoor and indoor use

Wind resistant, EPA and Worksafe compliant

100 x 10kg Bags per pallet

Code: ALLZEO1 (10kg bag)
Code: ALLZEO2 (2.5kg bag)

Organic floor sweep absorbent

Organic coir peat—ideal for workshops and perfect to use on hydrocarbon spills on smooth shiny surfaces

72 x Bags per pallet

Code: 0437 (50 litre Bags)

Zorbe—Bio waste absorbent

Use on blood and body fluid spills to safely and effectively clean up

Code: 0727 500ml sachet
Code: 0468 7 litre jug

Zorbe—Indoor spill clean up powder

Perfect for the hospitality industry for use on hard floors, carpet and upholstery. Clean up oil, paint, food stuff, beverage and body fluids with ease. No more need for the mop and bucket. 20litre pail complete with plastic application scoop

Code: Zorbe 20

Specialist absorbents

Acid, solvent, Formaldehyde absorbents

SPILL ACCESSORIES

The Skycore Group

Slip and Fall prevention absorbents and treatments

A number of different anti slip treatments and specialist application absorbents are available to suit specific applications.

Gap Seal putty

Immediate response putty for application to ruptured, split, cracked or punctured drums and tanks.

No need to add water, The putty is ready mixed and suitable for immediate application. 450 gram

Code: PLU 450

Spilvac

Air operated vacuums

49 litre

2 litre per second suction

Code: SV49

Audit covers

Water resistant covers to suit 120 litre and 240 litre wheelie bins. Prevents rubbish being placed in bins

Code: AC120 (120 litre)

Code: AC240 (240 litre)

Specify colour on order

Single use bio waste spill kit signs

Attach your single use bio waste spill kit easily to these easily identifiable printed instruction boards

Code: BIO1

BAGS

www.skycore.com.au

Contaminated waste disposal bags
Heavy duty 48 x 68 cm clear bags suitable for contaminated waste disposal. 100 Bags per carton

Code: CWB-1M-55T

Clinical waste disposal bags
For disposal of clinical and bio waste

100 Bags per carton

Code: CWB-1

Bio degradable Hydrocarbon disposal bags
160 UM 48 x 68cm for disposal of hydrocarbon only waste

100 Bags per carton

Code: BDB40

SCOOPS, SHOVELS, OVERPACKS

The Skycore Group

Shovels—Intrinsically safe
Various sizes and colours available
Ergonomic and perfect for food manufacture sites and flammable goods storage areas

Scoops—Intrinsically safe
Various sizes, shapes, colours and qualities available to suit many applications

Overpack container
Small sizes

Overpack containers
Large 205 litre

DRAIN PROTECTION

www.skycore.com.au

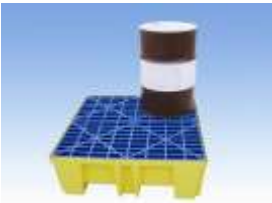

Drain warden
Geotextile fabric skirt complete with hydrocarbon absorbent bilge rat to collect hydrocarbon pollutants. Trap silt, sediment, litter and debris and prevent from entering open top storm water drains.
Standard size 1.2 x 1.2 metres and can be cut down to suit any drain.

Code: SCDW13001

IBC Drum pallet bund
Safe and effective storage of 1000 litre IBC's
Forkliftable with drainage bung
Code: IBC1000

4 Drum Pallet Bund
Store up to 5 x 205 litre drums
Steel reinforced internal
Code: SP4

2 Drum pallet Bund
Store 2 x 205 litre drums
Code: SP2

Customised collapsible bunds

CONTAINMENT & BUNDING

Self Adhesive bunding
Foam bunding for light duty traffic areas
25mm x 240 x 950mm lengths—yellow

Code: SCSBB07306

Connectable spill berm
Chemical resistant inter connecting, reusable booms.
70mm x 3.0 metre length

Code: SPB10C

Drain seal covers—reusable
90 x 90cm and 120 x 120 cm covers available including PVC storage cover

Code: SS-3636 (90 x 90cm)
Code: SS-4848 (120 x 120cm)

Permanent storm water filters
Many different sizes, shapes and configurations available. Lead time applicable to these products
